

## Environment consciousness and Waste Management

During the lockdown period following activities were undertaken to spread awareness about waste management in the online mode through webinar, poster, essay, slogan competition and survey.

1) An online webinar on **"MANGROVES – DISTRIBUTION, ADAPTATION AND BIODIVERSITY"** was organized to celebrate **World Wetland Day** on 2<sup>nd</sup> February 2021. The resource person for the program was Mr. Hemant Karkhanis, Associate Manager, Godrej Mangroves.

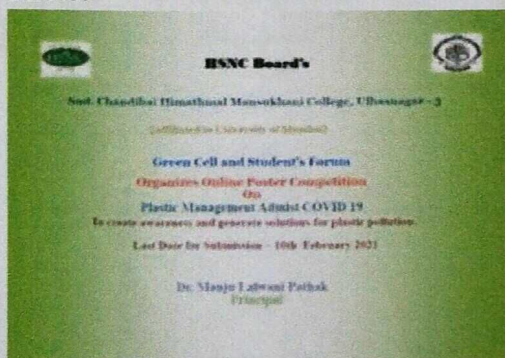

The different aspects of wetlands and mangrove forests were explained. More emphasis was given for mangroves along the Thane creek. The webinar was attended by more than 80 students and 07 teachers.

2) **"Plastic Management amidst COVID 19"** : Poster making completion to spread awareness about use and disposal of plastic in pandemic situation. The Posters depict wise use and disposal of plastic.
