

Smt. Chandibai Himathmal Mansukhani College

Principal: Dr. Manju Lalwani Pathak

POLICY FOR CONTINUOUS INTERNAL EVALUATION OF LEARNING OUTCOMES And MAPPING OF COs, PSOs and POs

The Context :

- The Teaching – Learning Process in HEI has become examination Centric
- Focus has shifted from acquiring knowledge to passing examination
- Examination process is not a reliable tool to assess the Learning Outcomes of the Learner

OBJECTIVE:

- To make **Knowledge Evaluation through CONTINUOUS ASSESSMENT** an Integral part of the teaching learning process
- To provide teachers a means of assessing the achievement of Learning outcomes by the Learners
- To assess the performance of students over a well-distributed interval of time within the semester
- To allow teachers to adopt appropriate pedagogies to achieve the learning outcomes
- To allow the Institution to map the COs, PSOs and POs

PROCESS:

- At least one internal evaluation per module / Unit to be conducted by concerned teacher per semester.
- Evaluation may be in the form of online MCQ test , quiz , assignment , seminar , group presentations etc.
- The evaluation process should be designed to assess the achievement of higher levels of Learning (applying , analyzing , evaluating and creating based on acquired knowledge)
- The learner to be assessed in each evaluation on a ten point scale
- The student wise evaluation to be compiled course wise, per term , by the Departments.
- The Course objective achieved to be mapped with the PSOs (as per Template which will be finalized and provided by IQAC) , annually.
- The Mapped Cos and PSOs for 3 years of a batch to be mapped with the faculty wise POs.
- The mapped outcomes to be forwarded to the Academic Monitoring Committee for evaluation.
