

Smt. Chandibai Himathmal Mansukhani College, Ulhasnagar -3
&
Balvant Parekh Centre for General Semantics and other Human Sciences, Baroda

This course will help participants to apply principles of General Semantics to tackle challenging real-life problems, generate new ideas, reflect deeply and bring insights to the surface, build relationships of trust, enthusiastic acceptance of diverse perspectives and articulate a practical vision

Nodal Center for General Semantics (2016-2017)
organizes

A Certificate Course on
“Sensible Thinking for the Complex World:
A General Semantics Approach”

Schedule : 25th July to 11 August 2016 (Phase I)
21 November to 7 December 2016 (Phase II)

Time : 12:00 p.m. to 2.00 p.m.

Registration: Rs. 500/-

Last Date for Registration: 21st July, 2016

Eligibility : Undergraduate and Post-graduate students from all streams

Contacts for Registration: Dr. Dipesh Karmarkar, Coordinator, Dept. of Geography
Dr. Samuel Wesley, Member, Dept. of History
Prof. Hitasha Rohra, Member, Dept. of BCBI
Prof. Bhavna Binwani, Member, Dept. of Accountancy

Dr. Manju Lalwani Pathak, I/c Principal

NODAL CENTER FOR GENERAL SEMANTICS (2016-2017)

A REPORT

Nodal Centre for General Semantics completed three years in the academic year 2016-2017. This year has proved to be an important year for the Nodal Centre. We heartily congratulate Dr. Deepa Mishra for receiving prestigious Hayakawa Book Prize for her book 'General Semantics: A Critical Companion', (Pencraft International, New Delhi) awarded by the Institute of General Semantics, New York, USA.

Nodal Centre has been conducting certificate courses since, last two years, with an objective of spreading awareness of General Semantics Approach. This year, a new syllabus for certificate course was introduced entitled "Sensible Thinking for the Complex World: A General Semantics Perspective". A total of 13 students (11 first and second year students, 01 post-graduate alumnus, and 01 faculty member - all belonging to Arts Faculty) successfully completed the Course. A compiled study material was provided to the students. It primarily contained extracts from the book *Drive Yourself Sane: Using the Uncommon Sense of General Semantics* by Susan Kodish and Bruce Kodish. It also contained a few extracts from the website of the Institute of General Semantics, USA, from the blog of Milton Dawes, and also from the book *Here's Something About General Semantics: A Primer for Making Sense of Your World* by Steve Stockdale. Along with this study material, a separate document *General Semantics: An Outline Survey* by Kenneth G. Johnson was also provided.

The first phase was held from July 25, 2016 to August 11, 2016 (34 clock hours). It covered Module I (Basic Principles of General Semantics) and Module II (Awareness, Language and Thinking). The topics covered, and the concerned faculty in the first phase are - Korzybski's Thinking, 'Two Worlds' and the Problem of Language, How to Agree-Disagree, Socratic Quest, Structure of Language, Aristotelian and Non-Aristotelian System (Dr Deepa Questioning, Non-Mishra), Significance of Scientific Attitude, Verbal Awareness, Non-Identity, Non-Elementalism, Non-Allness (Dr Samuel Wesley), Brain and Nervous System (Prof Jayshree Panicker), Process of Abstraction, E-Prime, Extensional Devices (Prof Hitasha Rohra), Map-Territory Relationship, Consciousness of Mapping, Time-Binding, How to Differ, Being Critical (Dr Dipesh Karmarkar), Non-Verbal Awareness (jointly by Dr Deepa Mishra & Dr Dipesh Karmarkar), Internal and External Orientation (Prof Bhavna Binwani), Structural Differential: A Tool for Sanity, and Language, Response, and Responsibility (Dr Bini B S).

The second phase was held from January 5, 2017 to January 21, 2017 (27 clock hours). The second phase covered Module III (Applications of General Semantics). The topics covered and the concerned faculty in the second phase include - History and General Semantics (Dr Samuel Wesley), Films and General Semantics (Dr Ananya Ghoshal), Relativity and Quantum Theory

IQAC Coordinator

Preem

from a Korzybskian Frame of Reference (Prof Prakash Gajare), Newtonian Thinking and General Semantics (Dr Vivek Kale), General Semantics and Visual Arts, A-R-T Thinking as a Process of Creation of Art (Mr Mahendra Damle), General Semantics and Mathematics (Dr Sangeeta Joshi), Education and General Semantics (Dr Manju Lalwani Pathak), Psychology and General Semantics: REBT, General Semantics and Daily Life Applications (Prof Jayshree Panicker), Political Identity and General Semantics (Dr Chandrasheel Tambe), and What Did Korzybski Want (Dr Dipesh Karmarkar).

The Valedictory Function of the Certificate Course was organised on February 25, 2017. Prof. Prafulla C. Kar, Director, Balvant Parekh Centre, was the Chief Guest and Speaker for the function. In his valedictory address, Prof. Kar spoke on the relevance of General Semantics approach to our lives. He emphasized the need for improving time-binding and conscious use of language.

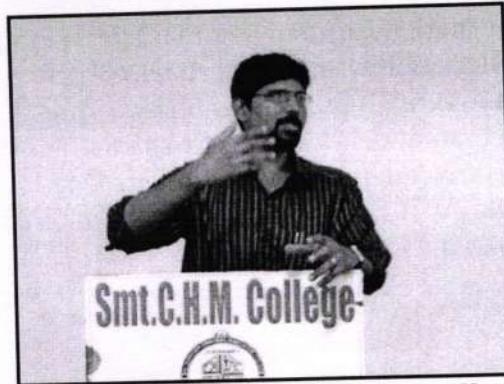

The members of the Nodal Centre conducted workshop and delivered lectures on General Semantics. On August 10, 2016, Dr Deepa Mishra delivered lectures on General Semantics in R. N. Jhunjhunwala College, Ghatkopar, Mumbai. On September 17, 2016, the English Literary Association of G M Momin's Women's College organised a One-Day Workshop on 'Introduction to General Semantics'. Dr Deepa Mishra and Dr Dipesh Karmarkar were the resource persons for the workshop. The workshop was well received by about 100 students.

We are happy to inform that through the certificate courses run by the Nodal Centre during last three years, General Semantics has reached to about 75 undergraduate and post-graduate students. It was possible due to generous support of our parent body, Balvant Parekh Centre for General Semantics and Other Human Sciences, Baroda, as well as of the host institution Smt. Chandibai Himathmal Mansukhani College, Ulhasnagar. Now that, the MoU signed between Balvant Parekh Center and Smt. CHM College has been extended for further three years, i.e. up to February 25, 2020, the Nodal Centre will continue to work with more enthusiasm to create the awareness of General Semantics.

NODAL CENTER FOR GENERAL SEMANTICS (2016-2017)

A Certificate Course on

Sensible Thinking for the Complex World: A General Semantics Approach

- Rationale:**

Since the fall of the Babri Masjid, at the end of the 20th century, the world around us started falling apart. On one side, there was an onset of globalisation, which was projected as an integrating process, but on the other side, one could observe the disintegrating world materialised through extreme terrorism, communal violence, gender atrocities, etc. Recent attacks on the lives of forward thinkers and social workers like Mr. Narendra Dabholkar and Mr. Govind Pansare brought a colossal loss of rationality and humanity. At present, people all over the world are engaged in fighting violent battles with each other. Race, religion, caste, class, creed, gender, etc. all are turning out to be the limiting factors for the man's overall progress. In such a situation, it becomes very difficult to evaluate oneself as well as the disintegrating world. How to live a sane life in the world full of insanity is a very significant problem of the present generation.

Thus, the world of Korzybski, in the first half of the 20th century (when he developed the system of General Semantics at the backdrop of the World War I), has not changed much even in the second decade of the 21st century. One cannot see very impressive signs that the humanity has entered in its 'manhood' as Korzybski felt; instead, in the words of Homer J. Moore, one can say that "we have entered the 'Teen-hood of Humanity' at best". And then, the need of Korzybski's thoughts was never been greater. At this backdrop, it becomes necessary to learn how to think sensibly in this ever-changing complex world and how to have more conscious expression, verbal and non-verbal.

- Objectives:**

At this backdrop, the Nodal Centre for General Semantics in the Smt. C. H. M. College along with a solid support from its parent body, Balvant Parekh Centre for General Semantics and Other Human Sciences, Baroda, is proposing a Certificate Course titled "Sensible Thinking" for the Complex World: A General Semantics Approach". The present course will enable students to think and act sensibly, 'preparing them for life'. While understanding the fundamentals of the General Semantics system, students will also learn how General Semantics can be applied as an approach to address issues in the disciplines of natural and social sciences as well as visual arts. Students will also learn to apply this approach in their personal and daily life situations. In all, the learners of this course will learn the method to understand the complex world around them, while understanding to evaluate themselves.

by
IQAC Coordinator

1

- **Duration:**

The total duration of the course will be **60 clock hours**. The entire course will be conducted in **three phases**, giving ample scope and opportunity for the learners to explore General Semantics through various activities like presentations, assignments, focused readings, etc.

- **Eligibility and Registration:**

All graduate and postgraduate students of all disciplines and faculties are eligible to take up this course. There are no preconditions other than mutual respect and honest engagement on the subject and regular attendance. Registration can be done by giving an application in the prescribed form along with the registration fees of Rs. 500/- (Rupees Five Hundred Only) which is non-refundable. Study material will be provided. Snacks will be provided to the students.

- **Faculty:**

The course will be taught by the expert in-house and guest faculty.

- **Assessment:**

Students will be examined through inclusive and self-study methods such as group discussions, presentations, class assignments, etc. Minimum 75% attendance and 90% submissions of the work assigned is mandatory for the students to become eligible for getting the certificates. There is no grading system. Certificates of successful completion of the course will be awarded at the end of the course.

- **Syllabus:**

Module - I : Basic Principles of General Semantics (17 Lectures)

Unit - I

Basic Positions - Korzybski's Quest - 'Two Worlds' and the Problem with 'Language' - What Makes us Human Human? - Time-Binding - Role of Assumptions - Significance of Scientific Attitude (03 Hours)

Unit - II

Problem of 'Meaning' - Evaluation - Creation of Meaning - Landscape of Meaning - Internal and External Influences -Towards a Complex World (03 Hours)

Unit - III

Process of Abstraction - The Process World - Brain and Nervous System - Perceiving Our World Through Seeing, Hearing, Touching and Identification - What is Mind? - Brain and Mind - Philosophy of Mind - Understanding Abstraction (04 Hours)

Unit - IV

Map-Territory Relationship - Structure and Knowledge - Foundational Principles - Cartographic Abstraction - Mental Maps - Language as Maps - Consciousness of Mapping (03 Hours)

Unit - V

Structural Differential - Levels of Abstraction - Identification - Order of Abstraction - Consciousness of Abstraction - Taking Responsibility of the Meaning We Give (02 Hours)

Unit - VI

IQAC Coordinator

Time-Binding - Concept - Being Human and Time-Binding - Taking Responsibility - Personal Time-Binding
(02 Hours)

Module - II : Awareness, Language and Thinking (17 Lectures)

Unit - VII

Non-Verbal Awareness - Contemplating - Sensory Awareness - Challenging Assumptions Non-Verbally
(03 Hours)

Unit - VIII

Verbal Awareness - Differentiating Facts from the Inferences - Determining the Degree of Truth - How to Agree - How to Disagree - How to Differ
(04 Hours)

Unit - IX

Structure of Language - Aristotelian and Non-Aristotelian System - Using Language Effectively - Non-Identity - Non-Elementalism - Non-Allness - Self-Reflexive Mapping
(03 Hours)

Unit - X

Extensional Orientation - Enhancing Communication - Internal and External Orientation - Delayed Evaluation - E-Prime - Extensional Devices and Techniques
(04 Hours)

Unit - XI

Creative and Critical Thinking - Being Creative - Traits and Skills - Being Critical - Meaning and Need - Skills and Habits - Questioning - Socratic Questioning
(03 Hours)

Module - III : Applications of General Semantics (26 Lectures)

Unit - XII

General Semantics and Natural Sciences - Physics and General Semantics (*Relativity and Quantum Theory from a Korzybskian Frame of Reference* - *Newtonian Thinking and General Semantics*) - Mathematics and General Semantics (*Euclidean and Non-Euclidean Thinking and General Semantics*)
(08 Hours)

Unit - XIII

General Semantics and Social Sciences - History and General Semantics (*History and Time-Binding - Historiography of the Holocaust*) - Psychology and General Semantics (*Rational Emotive Behaviour Therapy and General Semantics*) - Economics and General Semantics - Political Identity and General Semantics - Education and General Semantics - Films and General Semantics
(09 Hours)

Unit - XV

General Semantics and Visual Arts - Visual Art a Universal Language (*Overview of Art of Painting - Sculpture as a Universal Language* - *Brief History of Art as a Language in Different Civilisations - Evolution and Development*) - Art and its Interrelationship with Other Languages of Expression (*Creative Process of Art - Relation with Mathematics, Sciences, Literature and Other Arts*) - A-R-T Thinking as a Process of Creation of Art (*Learning Process and its Application - Art as One of its Application* - *Idea of Aesthetic Experience - Principles of Life and Arts*) - General Semantics and A-R-T Thinking - Art Work and Meaning - Ways of Expression (*Styles and Forms of Art*)
(05 Hours)

Unit - XVI

NODAL CENTER FOR GENERAL SEMANTICS (2016-2017)

A Certificate Course on

'Sensible Thinking' for the Complex World: A General Semantics Approach

Schedule for Phase – I : 25 July – 11 August 2016 (16-Days: 34 Clock Hours)

Syllabus	Faculty	Dates / Time	No. of Lectures
Basic Positions - Korzybski's Quest – 'Two Worlds' and the Problem with 'Language' – What Makes us Human Human? – Time-Binding	Dr. Deepa Mishra	25 July, 2016: 12.00 - 02.00 pm	02
Role of Assumptions – Significance of Scientific Attitude	Dr. Samuel Wesley	26 July, 2016: 12.00 - 01.00 pm	01
Brain and Nervous System... (contd.)	Prof. Jayashree Panicker	26 July, 2016: 01.00 - 02.00 pm	01
Brain and Nervous System – Perceiving Our World Through Seeing, Hearing, Touching and Identification – What is Mind? – Brain and Mind	Prof. Jayashree Panicker	27 July, 2016: 12.00-02.00 pm	02
Process of Abstraction – The Process World – Philosophy of Mind – Understanding Abstraction	Prof. Hitasha Rohra	28 July, 2016: 12.00-01.00 pm	01
Map-Territory Relationship – Structure and Knowledge	Dr. Dipesh Karmarkar	28 July, 2016: 1.00-02.00 pm	01
– Foundational Principles – Cartographic Abstraction – Mental Maps – Language as Maps – Consciousness of Mapping	Dr. Dipesh Karmarkar	29 July, 2016: 12.00-02.00 pm	02
Time-Binding – Concept – Being Human and Time-Binding – Taking Responsibility – Personal Time-Binding	Dr. Dipesh Karmarkar	30 July, 2016: 12.00-02.00 pm	02
Non-Verbal Awareness – Contemplating – Sensory Awareness – Challenging Assumptions Non-Verbally	Dr. Deepa Mishra Dr. Dipesh Karmarkar	01 August, 2016: 12.00-01.30 pm 01.30-03.00 pm	01 ½ 01 ½
Verbal Awareness – Differentiating Facts from the Inferences – Determining the Degree of Truth	Dr. Samuel Wesley	02 August, 2016: 12.00-02.00 pm	02
How to Agree – How to Disagree – How to Differ	Dr. Deepa Mishra Dr. Dipesh Karmarkar	03 August, 2016: 12.00-01.00 pm 01.00-02.00 pm	01 01
