

3.2.2 Number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the year

Sr. No.	Year	Name of the workshop/ seminar	Page No.	Available / Not available
1.	2021-22	International Webinar on Methodologies in Biopolymer Sciences	2 - 8	Available
2.	2021-22	Seminar on Startups and their Success	9 - 12	Available
3.	2021-22	Workshop on Research Methodology (State Level)	13 - 16	Available
4.	2021-22	Workshop on Research Paper writing	17 - 20	Available
5.	2021-22	Workshop on Research Methods in English Studies	21 - 24	Available
6.	2021-22	Workshop on SPSS and EXCEL	25 - 28	Available
7.	2021-22	Online National seminar on Intellectual Property Rights	29 - 32	Available
8.	2021-22	Online Orientation Program on 16th Inter collegiate Avishkar Research Convention	33 - 35	Available
9.	2021-22	Online Workshop on Mushroom Cultivation	36 - 38	Available
10.	2021-22	Workshop on Entrepreneurial Thinking	39 - 44	Available
11.	2021-22	E-Summit 3.0	45 - 50	Available
12.	2021-22	Skill Development program on Entrepreneurship	51 - 55	Available

REPORT
INTERNATIONAL ONLINE SEMINAR
on
EMERGING METHODOLOGIES IN BIOPOLYMER SCIENCES
ISEMBS - 2022

Title: -

International Online Seminar on Emerging Methodologies in Biopolymer Sciences

Conducted by:

Department of Chemistry

Content:

a. Place, Date, Time of event:

Zoom Platform, 12th February, 2022, 10:00am to 12:00 noon

b. Names of Resource Person:

Dr. Sanghamitra Sen
Senior Polymer Chemist
Align Technology, San Jose, California, USA

c. Details of Activity:

The program started at sharp 10 am with the National Anthem followed by Saraswati Vandana. The welcome address and opening remarks were given by the HOD of Chemistry, Dr. A. D. Tiwari. He spoke about the objectives of the Seminar: Sensitization towards the utility of Biopolymers for a Sustainable Eco-friendly Environment and Encouraging the scientific community towards the study of naturally occurring renewable materials to make bioplastics and allied materials. He also spoke about the expected outcome of creating an amongst the scientific community about the fast-emerging field of Biopolymer Science and its importance in reducing the world's dependency on non-renewable materials and

Saraswati Vandana

IQAC Coordinator

W

improving the quality of life. Then the Vice Principal, Science addressed all the participants. Although, Principal, Dr. Manju Lalwani Pathak could not grace the program due to her busy schedule, she conveyed her best wishes for the successful conduct of the program. The target audience were the Faculty Members, Ph.D. Students/ Research Scholars, PG & UG Learners of Chemistry. The online International Seminar had participants from various States of India and across continents. The introduction of the Resource person was done by Dr. Yogini Bambardekar, Assistant Professor, Department of Chemistry. The program was compered by our Chemistry Faculty, Mr. Jack Jose Kurian. The Q&A session was taken up by Ms. Sarika Chhabria Talreja, Associate Professor, Department of Chemistry. The vote of thanks and concluding remarks were given by Ms. Sheela Vasu, Associate Professor, Department of Chemistry.

The speaker, **Dr. Sanghamitra Sen** started her presentation by defining a polymer and moved on to speak about Lignin, the second most abundant natural polymer (after cellulose) on earth which is primarily obtained from trees. It has a branched and irregular chemical structure composed primarily of phenyl propane (C6-C3) units along with phenolic hydroxyl and methoxy substitutions in varying amounts depending on the botanical source of the material. The aromatic rich structure of lignin makes it a good choice for the replacement of fossil-based polymers. Lignin is used as a polymer either by itself or following functionalization through the hydroxyl groups present in it. A large amount of lignin is annually obtained as a by-product of the pulp and paper industry. Even though this natural polymer offers significant challenges in being utilized (because of their random structure and reactivity), their enormous economic potential (it is a by-product of the pulp and paper industry) when coupled with societal and environmental (renewable source of raw materials and has the potential to generate bioplastics) imperatives are major motivating factors for ensuring their utilization. In this effort following topics were discussed.

- How lignin can be methylated using an eco-friendly and green process to control its reactivity at elevated temperatures. This process generates the scope to further process the chemically modified lignin to generate plastic materials.
- A copper mediated oxidative coupling (Glaser or modified Glaser-Hay reaction) of methylated lignin to create a high molecular weight polymer material which can be further used as a bioplastic.
- A bulk thermal polymerization of alkyne functionalized lignin through Claisen type rearrangement to generate high molecular weight biopolymers with potential to produce lignin-based carbon fibres.

d. Number of participants - 416

Observations

e. of reporter

The Objectives of the webinar was to create an awareness amongst the participants about Biopolymers which is an important component of global sustainability. I feel, this lecture encouraged the scientific community to embrace an active role which is above and beyond neutral observer and to become engaged in research towards efficient and sustainable production which is vital to securing a safe future.

f. of participants

The students enthusiastically participated in the Q&A sessions and overall positive feedback was recorded.

g. Name and designation of person delivering Vote of Thanks

Ms. Sheela Vasu, Associate Professor, Dept of Chemistry

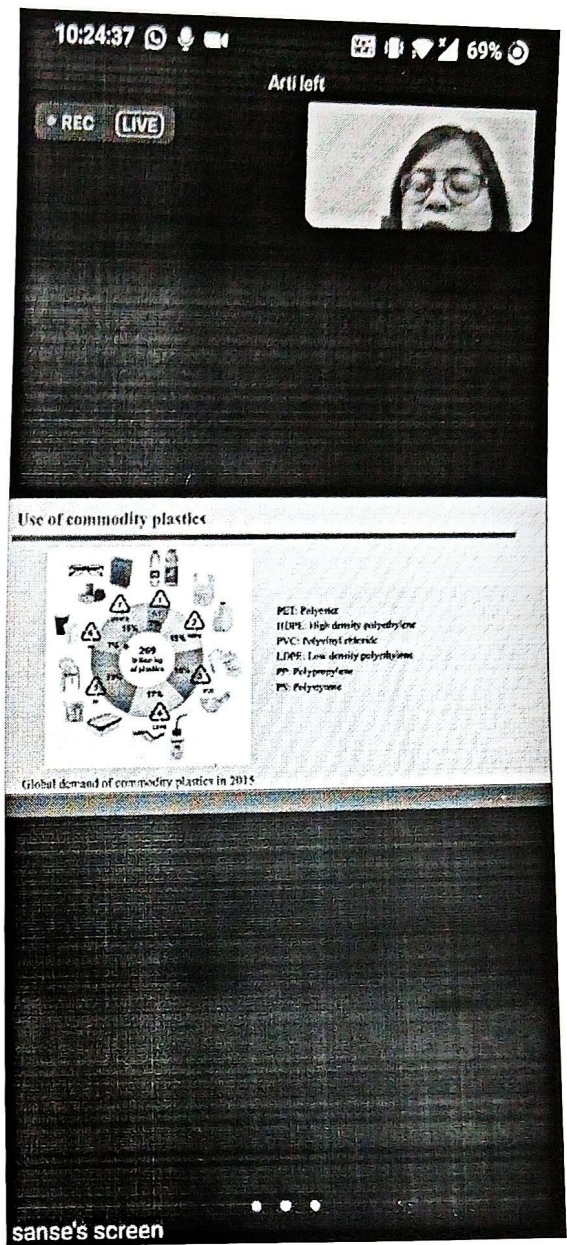

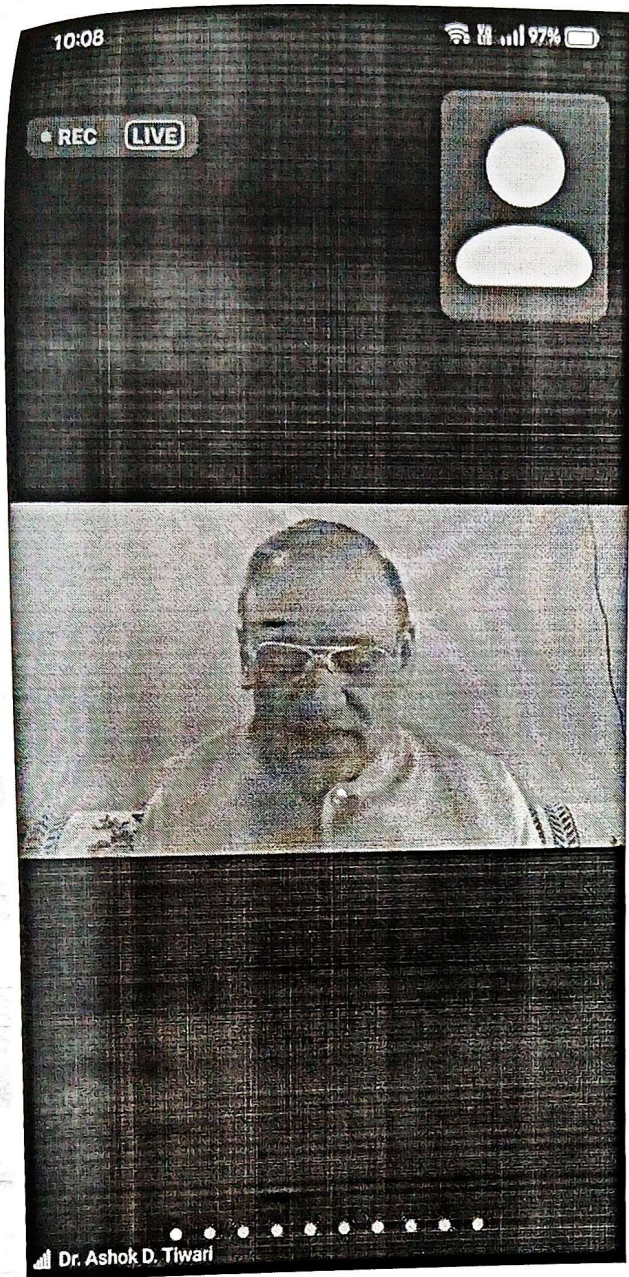

h. Contents of VOT

Ms. Sheela Vasu thanked the Principal, Dr. Manju Lalwani Pathak for giving an opportunity to the Department of Chemistry to organize this event. She thanked the Vice Principal, Dr. Shashibal Pandey for supporting the event. She thanked the Resource person, Dr. Sanghamitra Sen on behalf of HSNC Board, Smt CHM College and Department of Chemistry for accepting the invitation and enlightening our participants towards Biopolymers their role towards a sustainable environment. She thanked Dr. Nilanjana Kar for her efforts in coordinating with the Resource Person. She thanked Dr. A. D. Tiwari, HOD of Chemistry, Faculties and Students of the Department of Chemistry for organizing this event successfully. Last but not the least, she thanked all the Participants.

REPORT

"STARTUPS & THEIR SUCCESS"

A SEMINAR ORGANISED BY

**CHM INCUBATION CENTRE IN ASSOCIATION WITH DEPARTMENT OF COMMERCE & DEPARTMENT
OF MANAGEMENT STUDIES**

DATE: 04.12.21 DAY: SATURDAY TIME: 3PM TO 5PM VENUE: ONLINE ZOOM CONFERENCE MEET

TOTAL NUMBER OF PARTICIPANTS: 100

RESOURCE PERSON: Mr. Fanil Zakharia, entrepreneur having 11 years of experience with a blend of doing audits for 14 plus varied industries and building his own venture into the Indian startup ecosystem. He is also involved in tours and travels business along with related startup ideas. He has inspired more than 2500 students to take up entrepreneurship as a career option.

Host for the event Ms. Simran Tiwari, T.Y.B.Sc. student welcomed and greeted all the participants. Dr. Kajal Bhojwani gave a brief welcome note explaining the objective of the event. She emphasized on the importance of this seminar in challenging times posed by the downfall of the economic sector during the pandemic crisis. Dr. Nilanjana Kar introduced the resource person and welcome Mr. Fanil Zakharia to begin with the seminar.

Mr. Fanil Zakharia started the seminar with an excellent, informative and creative PowerPoint Presentation. He began with decoding the definition of 'Entrepreneur' which he put as an innovator and a risktaker. He asserted that becoming an entrepreneur does not require prior family background or inherited gene pool to take it up. He motivated the students to work on any original idea. He also discussed the various reasons for lack of initiation to become an entrepreneur. He shared some stories of few successful entrepreneurs and their journey towards success. The examples of Mr. Ritesh Agarwal, Founder & CEO OYO rooms and Mr. Phanindra Sama, Founder of RedBus.in really served as inspirational models for motivation to students. Mr. Fanil also shared economic survey 2021 on startup Ecosystem which reflected the growing venture of startup economy in the country. His next slide also indicated to the immense possibility of being an Entrepreneur in India. He concluded by posting a strategic roadmap to becoming an entrepreneur.

QUESTION & ANSWER SESSION: One of the questions raised was about ways to protect new ideas. Mr. Fanil answers to it by citing examples of several travel apps working together in the industry yet surviving in the system. Thus, he points out that fear of ideas being copied should not refrain one from sharing it. The inner drive and passion towards your idea cannot be copied was the take away message given by him. He also educated the audience about Intellectual Property Rights (IPR) that can be used in case of ideas being pirated.

VOTE OF THANKS: Dr. Nilanjana Kar, Member, C.H.M. Incubation Center delivered the Vote of Thanks.

The session was declared as ended by Dr. Kajal Bhojwani post the vote of thanks.

Report drafted by Ms. Sitara Kapil Menon, Member, CHM Incubation Centre, dated 04/12/2021.

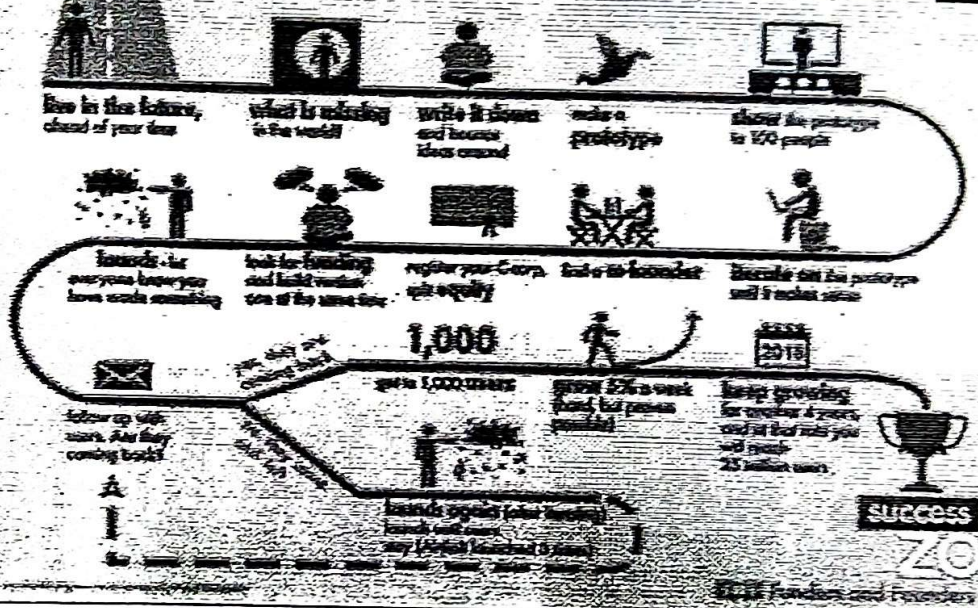

1. Dr. Sunil Lalchandani, Chairperson, CHM Incubation Centre & Head, BMS
2. Dr. Kajal Bhojwani, Head, Dept. of Commerce & Member, CHM Incubation Centre

Report on Workshop on WRITING A GOOD RESEARCH PAPER organized by Commerce BM RDC 160322

Date: 16th March 2022

Time: 10.00 am to 11.30 am

Platform: Zoom (online mode)

Number of participants: 65 participants (only 42 filled the attendance form)

Resource person: Dr. Karishma Desai, Faculty, NMIMS

Workshop on 'Writing a good research paper' was organized by Department of Commerce, BM & Research Development Cell Smt. C.H.M. College, Ulhasnagar on 16th March 2022.

The session started at 10.00 am with program initiation by Ms. Samiksha Singh, M Com Part II student. Dr. Kajal Bhojwani, Head Dept. of Commerce & Co-chairperson RDC explained the concept note of the workshop. Dr. Vilas Gaikar, Vice-principal- Commerce gave introductory remark.

Followed by this Principal Dr. Manju Lalwani Pathak gave welcome address. She extended a warm and gave her best wishes for the session.

Ms. Akhila Nair MCom Part II student gave a brief introduction of the resource person Dr. Karishma Desai, Faculty, NMIMS.

The resource person Dr. Karishma Desai madam started with her session with explanation on need and significance of research publications. She explained what is research and the need for research. Then she guided the participants about writing good research paper with various examples and a wonderful power point presentation which was self explanatory.

Following points were explained in detail –

1. Preliminary steps towards research
2. Importance of research
3. Literature review
4. Hypothesis
5. Things to remember while selecting research journal
6. DO's of research paper writing
7. Structure of paper – parts of paper
8. Format of abstract
9. Research question vs Research objective

She gave many examples for explaining the various concepts related to research paper writing. There was question answer session in which resource person answered all the queries raised by participants. Participants expressed happiness about the session.

Ms. Sayli Prabhu, MSc Part II Biotechnology proposed vote of thanks and the session ended. We are thankful to the respected Principal Dr. Manju Lalwani Pathak madam for her constant help and encouragement. Special thanks to Dr. Vilas Gaikar Vice-Principal, Commerce and for his suggestions and inputs.

25th and 26th August 2021

Two-Day National Level Workshop on Research Methods in English Studies (Language and Literature)

(For UG and PG Students and Research Scholars)

Department of English of Smt. CHM College, Ulhasnagar organised Two-Day National Level Workshop on Research Methods in English Studies for the UG, PG and Research scholars of the college. It was in the collaboration with KET's Vaze College, Mumbai and Govt. V Y T Postgraduate Autonomous College Durg. The workshop was organised on 25th and 26th August, 2021. Total attendees were 86 across three organising colleges.

The sessions were conducted in the following manner:

Day One: Dr. Sunila Pillai

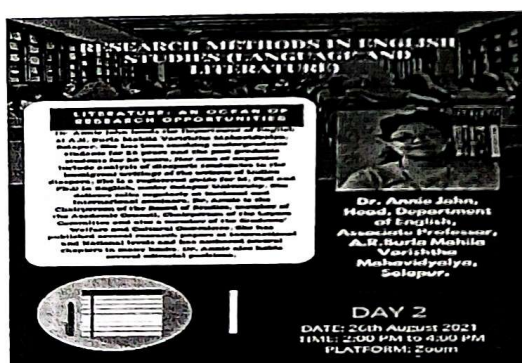

Day One: Dr. Anusha Ramanathan

Day Two: Dr. Annie John

Day Two: Dr. Lakshmi Muthukumar

The participants were familiarized with various research methods and tools available. The workshop also aims at mapping new directions in literary and linguistic studies.

RESEARCH METHODS IN ENGLISH STUDIES (LANGUAGE AND LITERATURE)

TRENDS AND TOOLS OF RESEARCH IN SOCIOLINGUISTICS

Dr. Sunila Pillai has been working as an Associate Professor at the R. K. Talreja College, Uthnasagar for the last 25 years. She teaches both Post-graduate and Undergraduate students and is a Ph.D. guide under American Literature, Language and Linguistics. Indian writing in English, she is the recipient of the VICE and has received 5 books for her research of Doctor and Queen Learning of the University of Mumbai. She delivers talks and guidance lectures at various colleges and universities. She has published several research articles in international and national journals of repute. She has been a member of several national, state and district level committees as well as research advisory committees. She is a paper writer and researcher for PG courses at the University of Mumbai.

Workshop on Excel and SPSS

Date: 29 September, 2021

Time: 11.00am

Total number of students : 44

On 29th August, 2021, a workshop on Excel and SPSS was organized by the department of psychology. Mr. Rohit Iyer, lecturer in Karamveer Bhaurao Patil College was invited to conduct the workshop and to impart his knowledge to the students of psychology. The workshop started at 11.00 am. The guest was introduced by head of department, Dr. Jayshree Panicker. The meeting was also addressed by the respected vice principal Dr. Kailas Aute. The programmed was compered by Darshi Tiwari, a student of TYBA psychology.

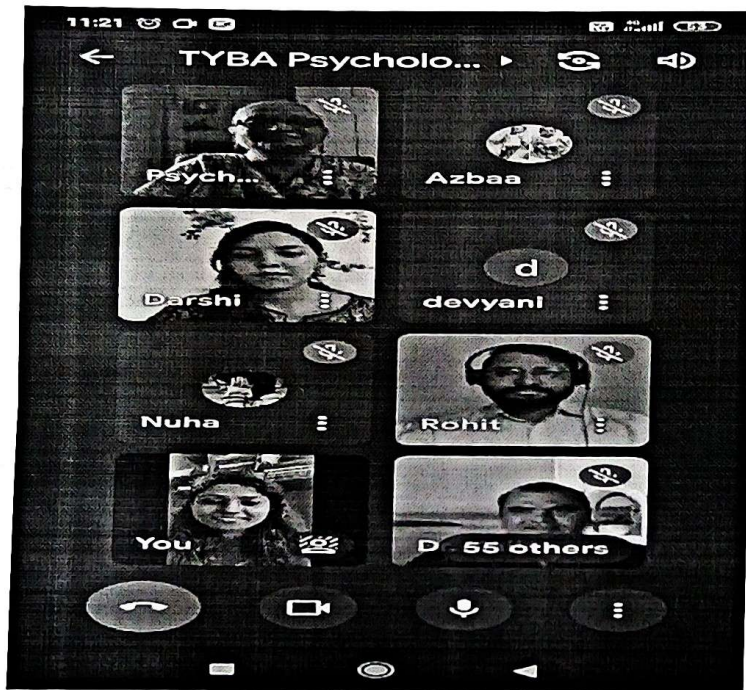

The workshop aimed at teaching students how to effectively use excel and SPSS for research purposes and analyzing data. The students were taught how to do various statistical problems and how to interpret the data. Students showed keen interest and the session was successful. The workshop was concluded at 2.00 pm

Feedback was taken. The participants rated the workshop as excellent. The students also gave excellent feedback for the clarity, effectiveness and knowledge of the speaker. 100% participants reported gaining good understanding of the procedure and relevance of using SPSS and Excel.

Principal: Dr. Manju Lalwani Pathak

I. TITLE: Online National Level Seminar on "Intellectual Property Rights"

II. Conducted by: Research Development Cell of Smt. C.H.M. College

III. Content:

- a) Place, date, time of event: An Online National Seminar, conducted on Zoom platform (provided by the college) on Thursday, 21st October 2021 at 3.00 pm.
- b) Names of Resource Person with designation: Lt. (Dr.) K.H. Nagare, Assistant Professor, B. K. Birla College (Autonomous); Dr. Dinesh Wanule, Asst. Professor, B. K. Birla College (Autonomous); Ms. Pooja Menon (Chief Operating Officer, MYCRAVE consultancy and services, Vadodra).
- c) Details of activity/Talk in sequential order: The programme started with the welcome address by Principal, Dr. Manju Lalwani Pathak, which was followed by concept note delivered by Dr. Shashibal Pandey, VP, Science and In-charge of RDC. Dr. Darshana Patil, chairperson of RDC introduced the keynote speaker, Lt. (Dr.) K.H. Nagare. Dr. Nagare delivered his lecture. Dr. Dinesh Wanule was introduced by Dr. Lakshmi Girish. After his talk, Dr. Kajal Bhojwani introduced Ms. Pooja Menon. The Q&A session was hosted by Dr. Darshana Patil and vote of thanks was proposed by Dr. Lakshmi Girish. The programme was anchored by Dr. Kajal Bhojwani.
- d) Number of participants: Around 182 participants, including the students of various streams, teachers, committee members attended the session.

IV. Observations:

- a) Of reporter: Lt. (Dr.) Nagare in his talk mentioned about the patents he received and also made a brief idea about the concept of patent. He also emphasized that the patent is filed not only for science subjects but it can be for any discipline. He also promised to extend his guidance for the teachers who wish to apply for patents. Dr. Dinesh Wanule did his presentation on the topic Patent Law 1970 – in which he explained various aspects of patent including definition, salient features of the patent act, 1970, and covered all the sections of the patents, and amendments made in patent act before and after independence. He also covered various topics such as procedure for filing a patent, applications for patent, publication and examination of applications, and what can be and what cannot be patented. This was followed by a talk by Ms. Pooja Menon, in which she made a comparison between physical and intellectual property, what all can be included under patent. With the help of examples and case studies she explained about infringement, trademarks, various examples of ideas and designs patented etc. All the resource persons very much knowledgeable and successfully conveyed their topics with the help of power point presentation and inspired the audience. Dr. Kajal Bhojwani conducted the question answer session, and the speakers answered all the queries satisfactorily.
- b) of participants: 182 participants filled the feedback forms. From their feedback, it is seen that they were happy as the talk provided them new information and appreciated the knowledge of the resource person.

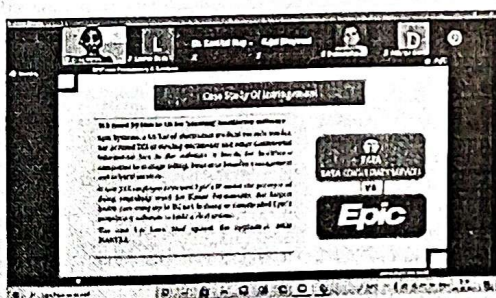

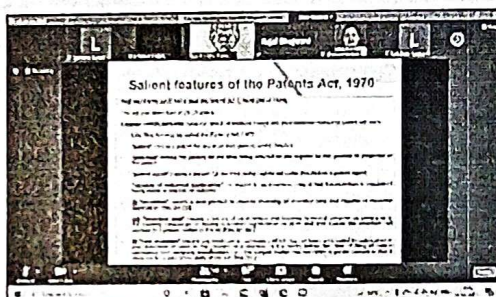

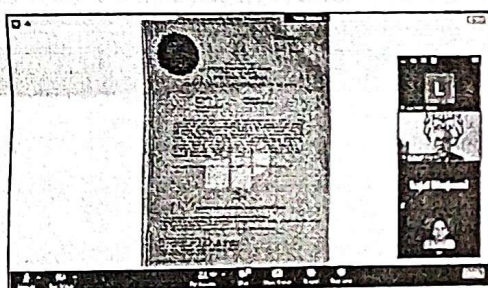

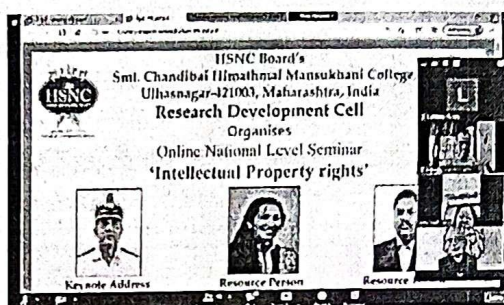

IQAC Coordinator

V. Conclusion with

- Name and designation of person delivering Vote of Thanks: Dr. Lakshmi Girish
- Contents of VOT : Dr. Lakshmi Girish expressed thankfulness to all the three resource persons for their profound knowledge that they shared with the participants. She expressed her thankfulness to Principal Dr. Manju Lalwani Pathak for her constant support and encouragement. She thanked Vice principal of science, Dr. Shahibhal Pandey for his immense help in the planning, shaping and smooth execution of the programme. She also thanked the technical assistant Ms. Neha Gur, all the teachers and student participants who made the programme successful.

- a) Place, date, time of event: **An Online Orientation Program on 16th Inter collegiate Avishkar Research Convention**, conducted on Zoom platform (provided by the college) on **Thursday, 27th January 2021 at 4.00 pm**
 - b) Names of Guests/Resource Person/Speaker with designation: **Dr. Vaishali Nirmalkar, Co-coordinator, Zone III, Avishkar, District- Thane.**
 - c) Details of activity/Talk in sequential order: Program started with warm welcome of the resource person by Dr. Kajal Bhojwani. Ms. Shama Shah, research scholar (Ph.D. student) from Department of Botany introduced the resource person. The Q&A session was hosted by Dr. Darshana Patil and the vote of thanks was proposed by Dr. Kishori Tarfe. The programme was anchored by Dr. Kajal Bhojwani.
 - d) Number of participants: Around 165 participants, including the teachers and students of various streams and committee members attended the session. Students gave their feedback at the end of the programme.

IV. Observations:

Of reporter: Dr. Vaishali Nirmalkar started her talk by explaining basics of research and its significance. She proceeded her lecture by guiding the students how to select a topic and plan for their research. While discussing the topic selection for research she emphasised on the importance of literature survey. She also mentioned about the importance of publications of findings of research. With the help of power point presentation, she explained in detail about the overall conduct of Avishkar research convention, various categories, levels, eligibility criteria, guidelines for poster preparation, power-point presentation etc. Through lot of examples from previous Avishkar competitions, she guided the students how to prepare a good poster and power-point presentation. While discussing the eligibility criteria she explained the do's and don'ts which the students should keep in their mind while preparing for their presentations. She also mentioned about the gap analysis, rationale of the topic, research methodology, expected outcomes, SWOC analysis etc. Finally, she explained about the criteria for evaluation of Avishkar competitions and what are the possibilities by which students get disqualified in various rounds.

- A) Dr. Darshana Patil conducted the question answer session, and the resource person answered all the queries satisfactorily.
- a) of participants : Participants including students and teachers from various colleges submitted the feedback forms. From the question answer session and also feedback of the participants received it was very clear that the lecture provided a proper guidance for them. The participants were motivated and inspired by the talk.

V. Conclusion with

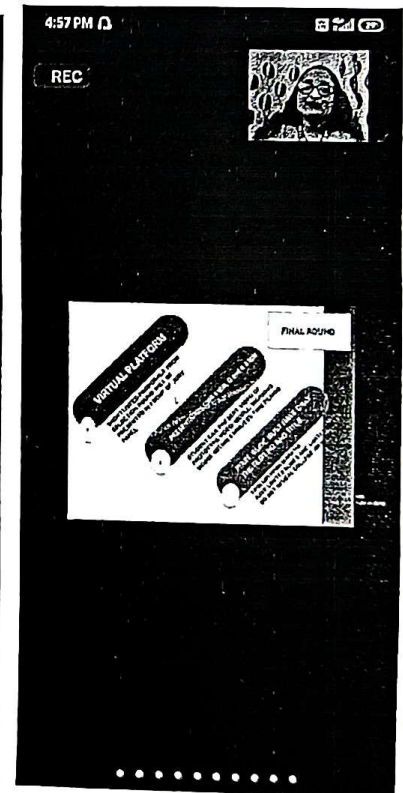

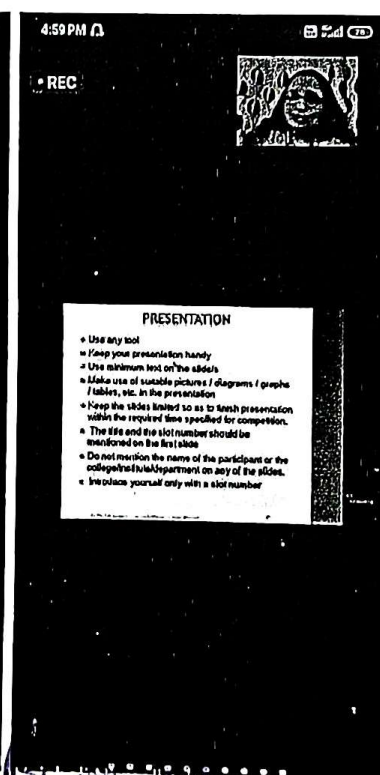

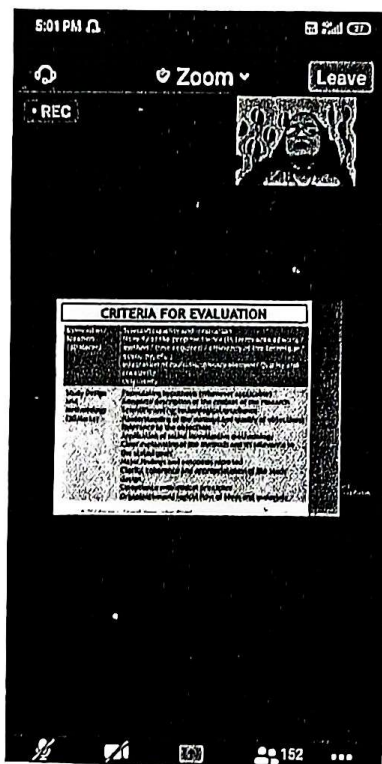

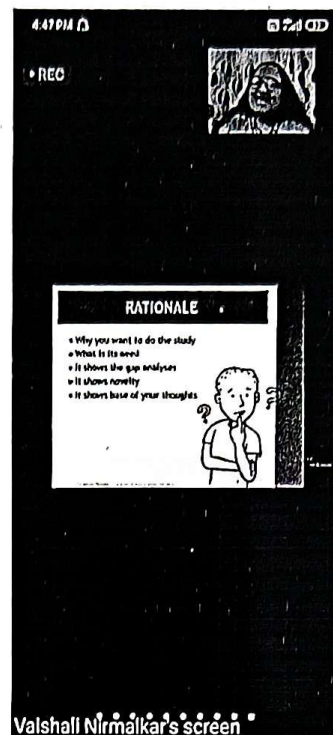

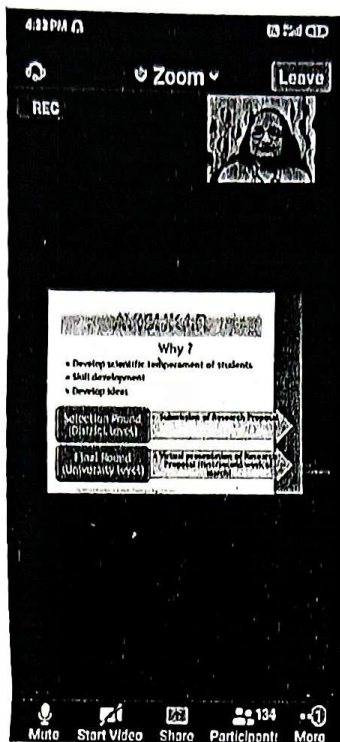

- a) Name and designation of person delivering Vote of Thanks: Dr. Kishori Tarfe, member, RDC)
- b) Contents of VOT :Dr. Kishori Tarfe expressed gratitude towards resource person for her interesting way of presentation. She expressed her thankfulness to Principal Dr.

- a) conducted on Zoom platform (provided by the college) on Saturday, 20th November 2021 at 11.00 am
- b) Names of Guests/Resource Person/Speaker with designation: Dr. Aruna Rai, Naturalist and Former HOD, Botany, Smt. CHM College.
- c) Details of activity/Talk in sequential order: The programme started with the national anthem, followed by opening remarks of SA Chairperson Ms. Seema Ajbani. The speaker was introduced by Dr. Bhuvaneshwarl Krishna, Co Chairperson, Science Association. Dr. Aruna Rai delivered his lecture by sharing the ppt. This was followed by a live demonstration of mushroom bed preparation. The Q&A session was hosted by Ms. Pooja Mhahale, Student Volunteer of Science Association and the vote of thanks was proposed by Mrs. Richa Kyute. The programme was anchored by Mr. Salil Sawarkar.
- d) Number of participants: Around 354 participants, including staff and students from various colleges, committee members attended the session. 290 participants gave their feedback at the end of the programme.

IV. Observations:

- a) of reporter: Dr. Aruna Rai started her lecture with the help of ppt to explain the basic information about the mushrooms as the participants were from various fields in addition to biology. In her presentation she covered various aspects of mushrooms such as history, advantages, status of mushroom cultivation in India, types of substrates used for cultivation, nutritive values of mushrooms, and the various steps for mushroom cultivation. The oral presentation was then followed by a live demonstration of mushroom bed preparation. She demonstrated the how to sterilize the polythene bag and explained the procedure for the substrate sterilization and preparation of spawn. She also explained about caring and watering the bed. The photographs of various stages in the mushroom growth were shown to the participants for their better understanding. Madam successfully conveyed her topics with the help of ppt and actual photographs of mushroom cultivation and was able to generate the interest in the minds of audience. There was an overwhelming response and interaction during the Q & A session. Mrs. Richa Kyute conducted the question answer session and Dr. Aruna Rai answered all the questions satisfactorily and created more interest in the minds of participants.
- b) of participants (290 participants filled the feedback forms. From their feedbacks, it is seen that they were happy as they the talk provided them new information and appreciated the knowledge of the resource person)

V. Conclusion with

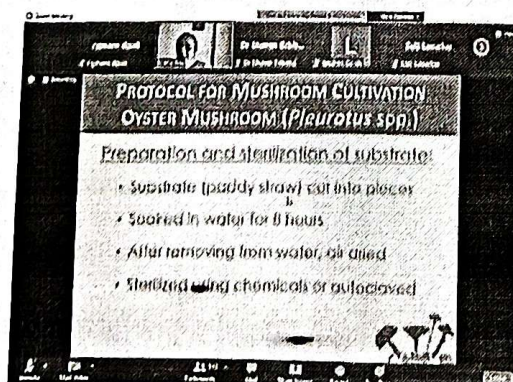

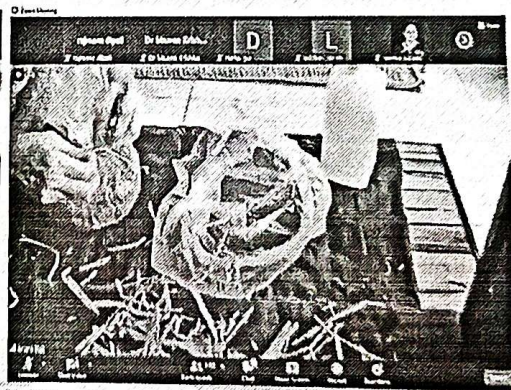

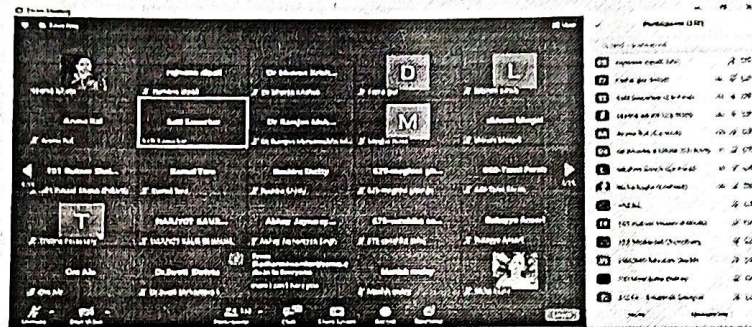

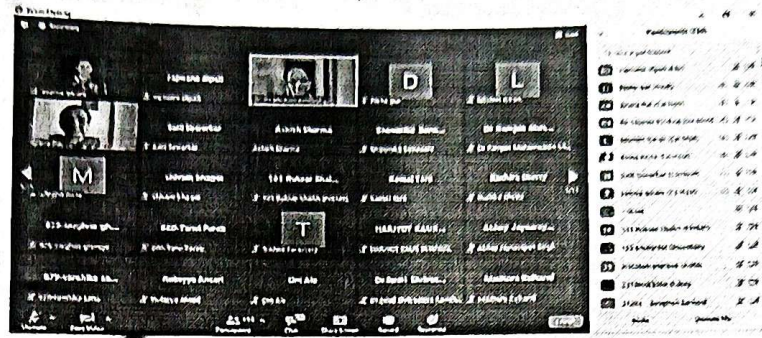

- a) Name and designation of person delivering Vote of Thanks: Mrs. Richa Kyute (Assistant Professor, Dept. of IT, Smt. CHM College)
- b) Contents of VOT (Richa Madam expressed thankfulness to the resource person for her profound knowledge that she shared with the students and teachers. Madam expressed her thankfulness to Principal Dr. Manju Lalwani Pathak for her encouragement and

Report of the Event:

Workshop on Entrepreneurial Thinking

Organised by

Department of Management Studies (BMS) & CHM
Incubation centre

In collaboration with
ATLAS Skill Tech University, Mumbai

Date of the Event: 15th January, 2022

Time: 4.00 pm to 5.00 pm

Objectives of the Event:

- To Generate the Entrepreneurial thinking among the students of Final Year

Prologue:

Entrepreneurs are brilliant at thinking on their feet: they see alternative quickly and are able to change paths easily. Set-backs don't seem to stop them; they merely bring about a slight course correction. Entrepreneurial thinking is all about harnessing passions, skills, experience, knowledge and insights into resources and networks to spot and take advantage of opportunities at the right time and in the right way. Anyone can think like an entrepreneur although it is true to say that it is more natural for some than others: Richard Branson, Jeff Bezos and Anita Roddick are phenomenally successful entrepreneurs, but there are also thousands of small businesses succeeding on a smaller scale, and there are hundreds of people employed in large organisations driving change and innovation.

IQAC Coordinator

This Workshop on Entrepreneurial Thinking was organized by CHM Incubation Centre in association with Department of BMS with the objective of making students learn about Entrepreneurial Thinking. The program was conducted in collaboration with Atlas Skill Tech University, Mumbai.

Resource Person:

***Prof. Omkar Pandharkar, Associate Director,
Atlas Skill Tech University:***

Omkar is currently based in Moscow, Russian Federation. He is engaged in building B-Hyve, a revolutionary platform which promotes altruistic behaviour at the workplace. Omkar has been an evangelist of peer to peer learning and knowledge sharing. With B-Hyve, he wishes to transform the current workplace by using psychological intervention and technology. Previously, Omkar was leading the Entrepreneurship Initiatives at DICE Ecosystem, India's largest urban innovation ecosystem. He was engaged in teaching entrepreneurship subjects at the undergraduate and postgraduate level and indulged in hands-on mentoring with the student startups. He has delivered various keynotes, principal training and teacher training in the domain of entrepreneurship education across India. Having trained more than 12,000 students and coached 70 Students, Omkar has the knack of creating engaging content, delivering it with poise and ensuring that each student has achieved his/her learning objectives. He also has a keen interest in mentoring young students in the domains of self-improvement, career choice and startups.

Outcomes of the Program:

By attending the Workshop, participants were able to:

- Learn about the many faces of and contexts for entrepreneurship
- Learn about the entrepreneurial process and how to manage it

IQAC Coordinator

Swati h

Skill Development Programme on Entrepreneurship

Date: 1st December, 2021
pm

Time: 10.30 am to 4.30

Prologue:

Entrepreneurship development is the means of enhancing the knowledge and skill of entrepreneurs through several classroom coaching and programs, and training. The main point of the development process is to strengthen and increase the number of entrepreneurs. This entrepreneur development process helps new firms or ventures get better in achieving their goals, improve business and the nation's economy. Another essential factor of this process is to improve the capacity to manage, develop, and build a business enterprise keeping in mind the risks related to it. In simple words, the entrepreneurship development process is about supporting entrepreneurs to advance their skills with the help of training and coaching classes. It encourages them to make better judgments and take a sensible decision for all business activities.

With the aim to imbibe the entrepreneurial qualities among the students, this program on Entrepreneurship Skill Development was organised jointly by Department of Management studies & CHM Incubation Centre in association with Ulhasnagar Municipal Corporation. After lockdown, this was the first physical program for the students to get acquainted with the world of business.

Swingh

IQAC Coordinator

Objectives of the Program:

The main objective of the program was to imbibe the entrepreneurial skills among the learners.

About the Event:

The inauguration program started at sharp 10.30 am with theme note address by Dr. Sunil Lalchandani, Chairperson CIC and Head, BMS. Principal Dr. Manju Lalwani Pathak welcomed all the dignitaries and students for the program. Luminaries on the dais, who also addressed the participants include Dr. Raja Dayanidhi, Commissioner UMC, Mr. BhagwanBhalerao - Deputy Mayor, Ulhasnagar, Dr. Karuna Juikar - Additional Commissioner, UMC, Ms. Priyanka Rajput - Deputy Commissioner, UMC and Mrs. Jyoti Prashant Patil - Chairperson MBKC-UMC. Vote of thanks for the inauguration program was given by Dr. Kajal Bhojwani, Member, CIC.

Resource Persons for the event were Mr. Ganesh V. and Ms. Tanisha Mukherjee. Both the resource persons had experience of coaching and mentoring entrepreneurs for more than 15 years. 3 Sessions were conducted by these two resource persons. Session Details are as follows:-

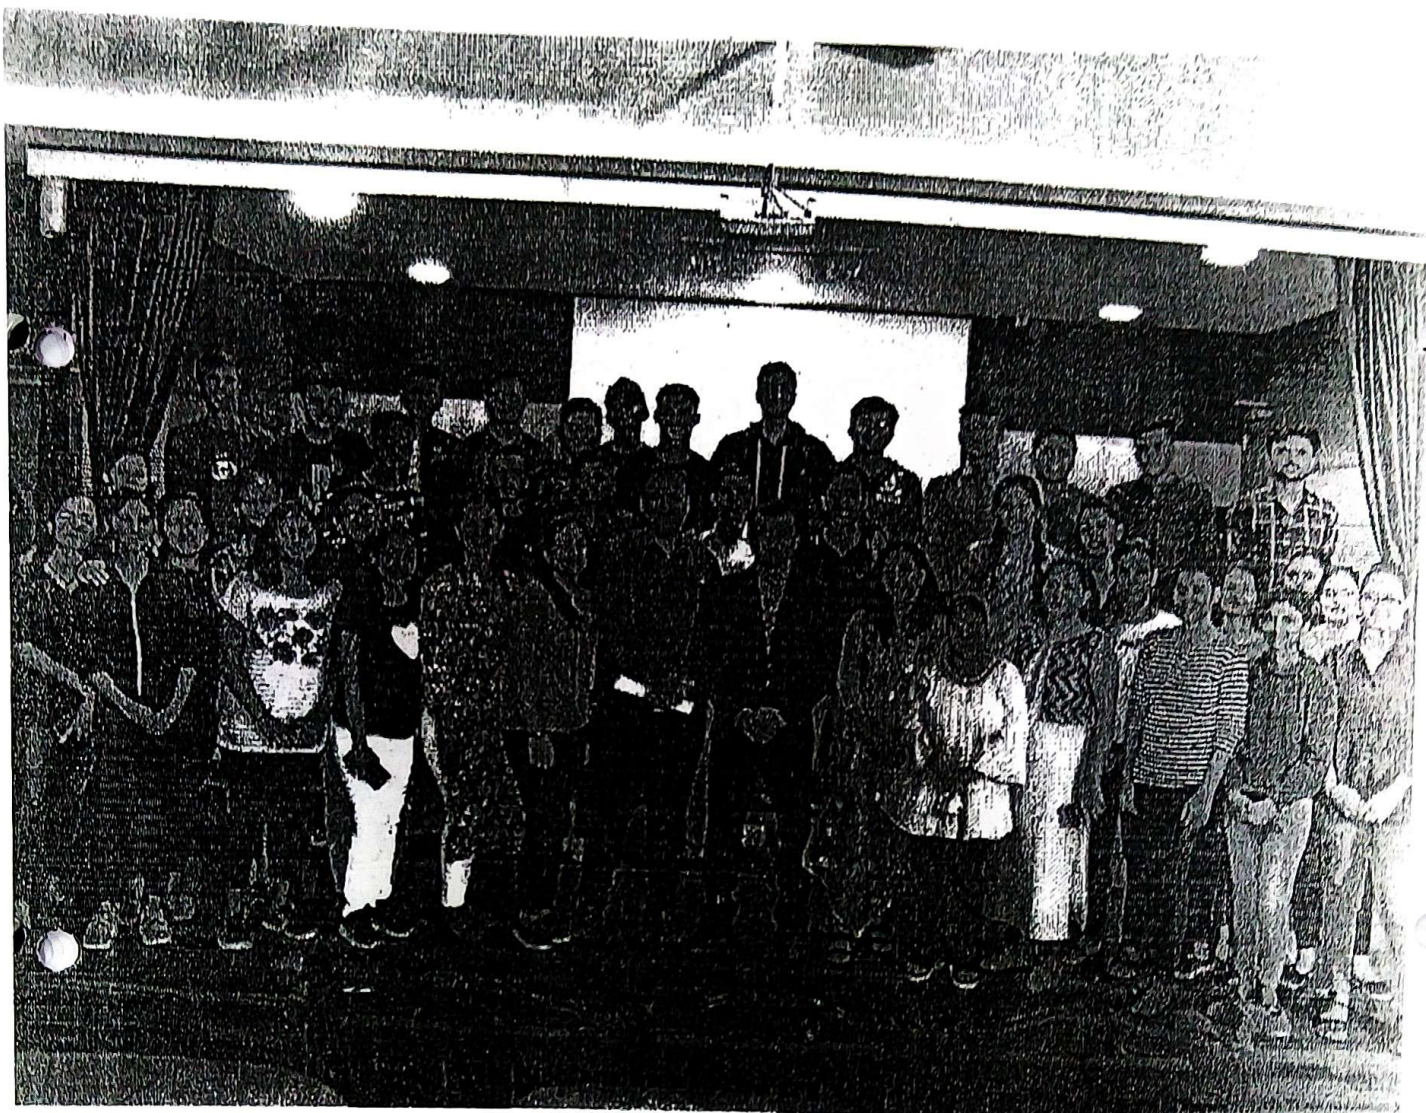

Session 1	11.30 am to 1.00 pm	Introduction to Entrepreneurship
