IQAC Coordinator

Capability Enhancement Programmes of the college include various programmes arranged for the overall development of the students. Every programme has a teacher coordinator. The coordinator maintains the details of students enrolled under each programme. All the programmes go par with the vision and mission of the college, cater to the holistic development of the students.

Objectives of the programs organized by the college

- To chisel abilities of students such as communication, problem-solving, self-motivation, decision-making, and time management skills.
- To develop students' written expression of thought and provide learners opportunities to explore ideas and to build connections between content areas.
- To enhance presentation, language skills of the stakeholders.
- To orient students with research tools available online and use them effectively
- To develop positive self-esteem amongst the student fraternity through yoga, meditation and healthy life-style programs.

Activities Conducted

Under the heading of capability enhancement various programs were conducted by departments, committees and associations. A total of 32 programs were conducted with 3450 stakeholders taking advantage of these programs. Sixteen programs on soft skills including fest, talks and workshop were conducted with student enrolment of 1626. To have better health practices amongst the stakeholders nine programs on Life skills were organised with 1280 learners benefiting from the programs.

Five programs on Language and Communication Skills were organised with 328 students participating in these programs. To improve the Computing skills among

IQAC  **Coordinator**

the stakeholder's two programmes were organised with 183 students benefiting from these workshops.

Summary

The capability enhancement programs have helped in holistic development of the stakeholders. These programs cater to better employability of the youngsters as they are acquainted with life skills, language and communication skills, computing skills and soft skills which along with good academic records help the stakeholders to have better chances in the competitive job market.
