

Students Forum Report

2021-2022

Student Forum enrollment completed on 30th Oct 2021. Selection from enrolled students was done for Students Forum. A Four-day Military Leadership Program was conducted by Students Forum, NSS and NCC in association Indian Development Foundation in Sep 2021. A total of 48 students attended the program (Batch Size was restricted). The resource person for the program was Colonel Venkat Raman Retd Colonel, Indian Army, NDA. Sir gave deep insights regarding military atmosphere and motivated students to join Indian Military services. Students Forum in association with Microbiology department organized an awareness program on Post Pandemic Precautions and Care for Students on 4th Dec 2021. The resource person for the program was Dr. A. M. Deshmukh, President, Microbiological Society of India (MBSI). Sir delivered an excellent talk regarding several myths and misconceptions regarding COVID 19 and its vaccine. Students understood the significance of precautions which need to be taken during such Pandemics. A total of 161 students attended the program. Students Forum also organized an awareness program by conducting a poster competition on Water Pollution. A total of 18 students participated in the competition. Students from the forum assisted in smooth conduct of Chandi Utsav. Students provided help in registration, organization of different events during Chandi Utsav.
